Automised Item Allocation Entries – 1.0

Introduction

In Sales / Purchase Item Allocation entries even though details are same user has to retype each and every detail every time like Tracking No, Order No., Due Date, Godown Name, Quantity. Amount which is a very tedious task. This module facilitates user to give the above details once and from second line, only Batch Number details needs to be enter. Quantity is automatically set to 1. Option is given to enter Single time entry or Multitime Entry so that user can choose required option. In Single Time User can skip certain details and in multitime user has to enter detail normally as provided by tally.

Benefits

- This will make data entry faster and saves the operator's precious time.
- User can also configure whether to skip certain details or not.

What's New?

- Compatible with TallyPrime

FAQ

Which version/release of TallyPrime does the add-on support?

This add-on will work only from TallyPrime Release 1.0 onwards.

How will I get support for this add-on?

For any functional support requirements please do write to us on mail@aaplautomation.com or call us at +91-288-2713956/57/58, +91-9023726215/16, 9099908115, 9825036442.

If I need some enhancements / changes to be incorporated for the add-on, whom should I contact?

Please to write to us on mail@aaplautomation.com with your additional requirements and we will revert to you in 24 hours.

Will new features added be available to us?

We offer one year availability of all support and new features free of cost. After one year, nominal subscription cost will be applicable to you to continue to get free support and updates.

What will happen after one year?

There is no fixed annual charge to be payable mandatory. However if any changes are required in our Add-On to make compatible with New Release of TallyPrime then the modification Charges will be applied.

I am using a multi-site. Can I use the same Add-on for all the sites?

No, one Add-on will work only for 1 site. You need to purchase again if you want to use the same Add-on for more sites.

TDL Management screen shows errors with the Add-on. What do I do?

Check whether the error is because of the Add-on or because of clashes between 2 TDLs (An add-on is also a TDL). In case of clashes, disable one or more TDLs and check which TDL has the error. If the Add-on has a problem, you can report it to us.

My Tally went into educational mode after installing the add-on. What do I do?

Go into **Gateway of Tally** → **Press F1 (Help)** → **TDL & Add-on** → **Press F4** and remove the Add-on from the list and Restart Tally.
